

PRODUCT INFORMATION

|                              |  |
|------------------------------|--|
| Target                       | CCR2   |
| Synonyms                     | CC-CKR-2;MCP-1-R;CD192   |
| Description                  | Recombinant human CCR2 protein with C-terminal mouse Fc tag  |
| Delivery                     | In Stock   |
| Uniprot ID                   | P41597   |
| Expression Host              | HEK293   |
| Tag                          | C-Mouse Fc Tag   |
| Molecular Characterization   | CCR2(Met1-Ala42) mFc(Pro99-Lys330)   |
| Molecular Weight             | The protein has a predicted molecular mass of 31.1 kDa after removal of the signal peptide. The apparent molecular mass of CCR2-mFc is approximately 35-55 kDa due to glycosylation.   |
| Purity                       | The purity of the protein is greater than 95% as determined by SDS-PAGE and Coomassie blue staining.   |
| Formulation & Reconstitution | Lyophilized from sterile PBS, pH 7.4. Normally 5 % - 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions of reconstitution.   |
| Storage & Shipping           | Store at -20°C to -80°C for 12 months in lyophilized form. After reconstitution, if not intended for use within a month, aliquot and store at -80°C (Avoid repeated freezing and thawing). Lyophilized proteins are shipped at ambient temperature.  |
| Background                   | The protein encoded by this gene is a receptor for monocyte chemoattractant protein-1, a chemokine which specifically mediates monocyte chemotaxis. Monocyte chemoattractant protein-1 is involved in monocyte infiltration in inflammatory diseases such as rheumatoid arthritis as well as in the inflammatory response against tumors. The encoded protein mediates agonist-dependent calcium mobilization and inhibition of adenylyl cyclase. This protein can also be a coreceptor with CD4 for HIV-1 infection. This gene is located in the chemokine receptor gene cluster region of chromosome 3. [provided by RefSeq, Aug 2017] |
| Usage                        | Research use only  |
