

PRODUCT INFORMATION

|                              |  |
|------------------------------|--|
| Clone ID                     | BM301  |
| Target                       | DDK  |
| Synonyms                     | ddddd; dykddddk; flag  |
| Host Species                 | Mouse  |
| Description                  | Anti-DDK antibody(BM301); Mouse IgG1 mAb   |
| Delivery                     | In Stock   |
| Uniprot ID                   | N/A  |
| IgG type                     | IgG1   |
| Clonality                    | Monoclonal   |
| Reactivity                   | Flag is widely used as an additional tag in expression vectors. The tag can be fused with the target protein at the N-terminal and C-terminal, and can be detected.  |
| Applications                 | ELISA, WB  |
| Recommended Dilutions        | ELISA 1:5000-10000, WB 1:1000  |
| Purification                 | Purified from cell culture supernatant by affinity chromatography  |
| Formulation & Reconstitution | Lyophilized from sterile PBS, pH 7.4. Normally 5 % - 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions of reconstitution.   |
| Storage & Shipping           | Store at -20°C to -80°C for 12 months in lyophilized form. After reconstitution, if not intended for use within a month, aliquot and store at -80°C (Avoid repeated freezing and thawing). Lyophilized antibodies are shipped at ambient temperature.                  |
| Background                   | Flag is widely used as an additional tag in expression vectors. The tag can be fused with the target protein at the N-terminal and C-terminal, and can be detected.  |
| Usage                        | Research use only  |
| Conjugate                    | Unconjugated   |
| DIMA Disclaimer              | All DIMA recombinant antibodies are genuinely generated by DIMA Biotech. They are all under patent application. Any protein sequencing or reverse engineering attempt is prohibited. We are actively scrutinizing all patent application to ensure no IP infringement. |
